California AFB To Close To Enlistees

Young men of the Torrance area who plan to enlist in the Air Force and wish to receive their basic training at Parks Air Force Base in California, must enlist before Oct. 15, according to Sgt. Edwin King, local Air Force Recruiter.
 In the near future, Parks will be transferred to the jurisdiction of the Continental Air Command and all basic training will be consolidated at Lackland Air Force Base, Tex. "Basic military training will be terminated at Parks on Nov. 20," said Sgt. King, "and thereafter all such training will be conducted at Lackland. This means that if anyone in this area is interested in joining the Air Force and wants to serve his initial phase of Air Force life near his home, he must enlist before Oct. 15. That is the cut-off date for enlistees to arrive at Parks."
 The transfer of command jurisdiction of Parks was the result of a study made by the Air Training Command which was approved by USAF Headquarters in Washington, D.C.

GROUND BREAKING SCHEDULED . . . Official ground-breaking schedules for Torrance's new 40-lane bowling alley, the Bowlorama, at 220th and Western Ave., have been scheduled for 4:30 p.m. tomorrow. J. C. Borlace of South Gate has been contracted to build the Arthur Froelich designed recreation center for the Schreiber family, Alex and his two sons Max and Howard.

Work To Start on Bowlorama Tomorrow

Official start of construction on a new \$850,000 bowling and recreation center at 220th St. and Western Ave., has been scheduled for 4:30 p.m. tomorrow when city officials, civic leaders, and representatives of the owners meet to break ground for the project.
 The new recreation center will have 40 lanes for bowling, all fully automatic, and will include a cocktail lounge, cafe, and billiard room, according to plans drawn up by Architect Arthur Froelich.
 The builders have scheduled completion by the first of next year.
 The new Bowlorama will be a family affair, owned and operated by Alex Schreiber and his two sons, Max and Howard. Max will be general manager here.
 The Schreibers, former Detroit theater operators, now own and operate the Paradise Theater in Westchester and the Victory Bowl in Van Nuys. They built Paradise Bowl in Westchester and operated it until last January.
 A new 32-alley bowling center is being planned for the Lakewood-Firestone area of Los Angeles, Max Schreiber told the HERALD yesterday.

THE LIMIT . . . Officers Clifford F. Abshire (left) and John W. Georgi, of the Harbor Division, LAPD, indicate they mean business after recent edict of drive on speed. Capt. Fred E. Barnard, of the division, has instructed officers to strictly enforce speed laws after study showed speed to be primary cause of accidents.

Reflections
 By J. HUGH SHERFEE, JR.
THAT "ONE" TOUCH
 Everyone can draw a line; the artist brings those lines to life. To make lines and call them a face is not enough; that face must have eyes that sparkle, lips that smile — it is that "One" touch that brings those lines to life, makes them live.
 Some people have artistry in their voices; they sparkle with lively interest, we are attracted to them. Two sisters, one beautiful with repelling personality and the other one comely with a magnetic personality; you can guess which one has the most friends — the latter one. She has the "One" touch that changes flesh and bones into something lovable. More than likely that touch has been acquired.
 A picture approaches perfection when we see the smile and listen to the voice; the person with a smile and listen to the dance is the one with "That One Touch" of an artist — and it can be acquired.
 P.S. — Our services are pictures of a life.

LAPD Plans Crackdown On Speed Violators In Area
 Prompted by a traffic toll of 11 dead and 722 injured in Harbor Division to date this year, Captain Fred E. Barnard has instructed all Harbor Division CAPD officers to strictly enforce speed control laws since excessive speed has become a primary cause of traffic accidents.
 Municipal Judge Bernard Lawler of Division 31 endorsed the police safety program with the admonition that 27 accidents resulted from excessive speed in July. This compared to a monthly average of 16 for the first six months of 1956.
 Accidents Increase
 From a rating as one of the safest police divisions in Los Angeles, Harbor Division is fast becoming one of the most dangerous. Personal injury accidents have increased 12.5 per cent above last year for a total of 487.
 The average city-wide increase in personal injury accidents is 10 per cent with a toll of 12,807.
 Judge Lawler and Captain Barnard joined in a request for all motorists to voluntarily observe speed restrictions.
 Enforced Laws
 To be enforced strictly by all police assigned to Harbor Division are the following speed laws: all posted zones ranging from 25 to 55 miles per hour; and 15 mile zones when passing a school ground in use or crossing a blind intersection where motorists cannot see clearly 100 feet in both directions when they are 100 feet back of the intersection.
 In July, following a campaign to reduce drunken driving, only eight drunken driving accidents were reported as compared to a monthly average of 16 for the first six months of 1956.
 With fewer drunken drivers on the street officers can give more attention to other traffic infractions without reducing enforcement of drunken driving laws. All officers will be alert for all traffic violations but will give special attention to speed enforcement.
